Subject: Re: Grass clippings

Thank you, Jon. I did not attend the last Village Board meeting at which this issue came up because I had to attend a funeral that day, but still wanted to make my feelings known. As I was not aware of the results of last night's vote, appreciate your prompt response.

Dear Ms. Shamoan -- Thank you for your email. At the meeting of the Village Board last night, the Board did not approve a proposed change in the Village Code that would have stopped grass clipping pick-up. Therefore, grass clipping pick-up will continue for the present.
