Hello Everyone,

I am writing to express to you my support for your work on expanding cell phone service in Scarsdale and particularly in the areas near Scarsdale schools. We are long-time Scarsdale residents and, particularly with our kids at the High School, have had several incidents that could have turned dangerous because there was no cell service available. I understand that some people are trying to stop your work on this matter, but I support doing everything you can to make sure that cell service is expanded in Scarsdale. I am sure you have heard all of the arguments for the expansion already so I will not waste your time restating them here, but wanted to just send this note expressing my support for this project and your current plan and my gratitude that you have taken on this project and for all of your hard work on behalf of Scarsdale.

Best regards,

Russ Rabinovich
