**To:** Mayor; Donna Conkling  
**Subject:** Proposed dog park

As residents of Scarsdale and dog owners, we fully support the proposal to have a dog park at the Weinberg [Nature Center](#). We would use the dog park on a regular basis and believe it would enhance the quality of community services in the Village and would not adversely affect property values. It's also a wonderful way for children and adults to socialize together in a non competitive environment.

Thank you for your consideration.
