To: Mayor

Cc: Attorney's Office

Subject: Ryan revaluation.

The latest revaluation by Ryan is completely flawed and should be discarded in its entirety. As long time residents (over 20 years) we are disappointed in the mayor as well as the trustees who allowed this poorly conceived second revaluation to be finalized. Large properties are paying less, small properties are paying more. My 1/2 acre lot with a modest 1950s house actually increased BOTH times. Moreover, our tax dollars are being wasted on these repetitive revaluations designed not to correct a perceived issue in the original reval (plenty of people filed grievances and had their day in court) but to satisfy an outspoken minority of wealthy residents who will now receive a tax break to which they aren't entitled.
