Attachments: solar smart save the date flyer.pdf; 2.14.18 SH symposium agenda.pdf

Dear Village of Scarsdale officials,

Please join Scenic Hudson along with co-sponsor NYSERDA on Tuesday, March 27th for a daylong symposium on building clean energy while preserving important lands in the Hudson Valley. All interested stakeholders—including municipal officials, community leaders, landowners, developers, and private sector professionals—are invited to participate in an interactive discussion with experts in renewable energy policy, planning and development on the role our region has to play in meeting New York State's ambitious carbon emissions-reduction goals and employing responsible siting and design to reduce conflicts and maximize the benefits of new solar PV projects.

We will be offering AICP credits at this event

You can find a detailed agenda and register for this event by visiting https://solar_smart_hv.eventbrite.com

Please see the attached flyer below and share with any interested contacts.

Thank you

Best,

Rebecca
