CAUTION: External sender.

Dear Sean

Thank you for your note to the Board of Education regarding cell coverage in the community. I have cc'd the Mayor on this response as the Village Board of Trustees as cell coverage is under the purview of the Village Board.

The Board of Education has written a letter to the Village Board of Trustees expressing support for addressing telecommunication gaps.

Please note that all Board of Education members as well as the Superintendent and District Clerk have received your email.

Best
Ron

Ron Schulhof
Vice President
on behalf of the Scarsdale Board of Education, 2022-2023

Dear Scarsdale board of trustee representatives,

Thank you so much for taking care of this cellular signal coverage matter. Unfortunately, my house has been one of those no signal/'one signal bar' coverage areas for a decade. It is crucial to have this issue solved quickly. I appreciated you pointing it out and making an effort for all of us.

Best regards,
Sean (295 Boulevard)

Cellular Coverage in our Village

Scarsdale Board of Trustees will meet on **Tuesday, February 14th at 8pm** to address the poor cellular coverage throughout our town. There have been many concerns about the wireless gaps in our community and most importantly in our schools. We would like to spread the word that the community is invited to attend the

meeting and address their concerns. There will be a presentation by the Village attorney and Verizon representatives at **Village Hall**.

**Tuesday February 14th
8pm at Village Hall**
