Dear Mayor Hochvert,

I reviewed the CAC Sanitation Study and I firmly agree with the recommendations to move to a weekly curbside pick up of recyclables and food scraps. I am also in agreement with the recommendation re: furniture recycling.

I have participated in the recycling program and specifically the food scrap recycling program since inception and am a huge fan. It would be helpful if these could be picked up curbside weekly instead of my dropping them off on Saturdays, which is the only day I have to drop off since I am a working mother. I would also assume that participation would increase with the introduction of curbside pick up of food scraps,

I hope the Village will seriously consider the recommendations in the report,

thank you and thank you for all you do,

Sharmi Sobhan
