Hi Avital,

Thank you for your email.

I spoke with the Village Manager about your thoughtful and generous offer. Steve suggested that you reach out to Meals on Wheels, as they are a primary provider of meals to the elderly and infirmed. At this time, Meals appears to be the most effective way that people can assist. I will let you know if other avenues open up.

Hope you and your family are well.

Best regards,

Marc

Hello Marc,
I hope all is well by you.

My daughter and I were talking about the large scale quarantine of New Rochelle residents in response to potential Corona Virus exposure. It has us thinking about how we can prepare in Scarsdale.

We have an elderly population, and we imagine, a population that is immune suppressed or suffering from pre-existing pulmonary conditions.

It may be prudent for some of these residents to avoid going to supermarkets for some period of time and not all of them will be up to speed on how to order food from PeaPod or other delivery sites.

I'm happy to help if we should need local residents to shop for and drop off necessities for our friends and neighbors who are in high risk groups. Arielle will be home on spring break soon and will be happy to help too. Greg, of course, is always happy to help.

Regards,
Avital
