Subject: In Support of the Residential Food Scrap pilot program

Dear Mayor Mark,
I am writing to let you know I was informed of the proposal for a pilot program for collecting residential food scraps for composting, and I think it is great that we have local advocates who are helping us all make small differences that will hopefully add up to large-scale change. I would certainly be a proponent of a community-wide composting collection program, and would be happy to be a pilot program tester in Heathcote.

A kudos to Michelle Sterling and Ron Schulhof for spearheading these efforts!

Stephanie Simon
