

Good morning Mayor Marc!

Thank you so much for forwarding me your open letter! It was well welcomed by the Chinese and Chinese American community yesterday and today.

Some of our members saw the village Notify Me email blast right away. One member who was furious before told me he was very impressed by your heartfelt letter with a deep sense of accountability as our Mayor.

We greatly appreciated your courage to remedy the damage immediately, your commitment to inclusiveness and your strong leadership to unite everyone under the current difficult situation.

I look forward to working with and assisting you to reach our common goal, the healthiness, safeness and betterment of our village.

I hope you and your family stay well too. Enjoy the wonderful weather and have a beautiful day!

Best,

Xue
