To the Mayor and Trustees...

I am grateful to you for your vote to repair and restore the Outdoor Pool Complex...a Village amenity that has served Scarsdale well for over 50 years and has been beloved and enjoyed by thousands of Scarsdale families.

Those residents who do not join Country Clubs or have Summer Beach Homes deserve the serenity and cool welcome that the Outdoor Pool Complex provides...

and the children in the Scarsdale Day Camp enjoy its Pools during the summer as well....

Please do not be discouraged or concerned by the voices of those who would challenge your decision...those with their own agendas.. or deep pockets...or other motivations...who have no history with the outdoor pool and no affection for or understanding of it...and do not care if its concept and function were to change..or be radically diminished.. as it would with an Indoor Pool Facility...

Please be confident that you have made the correct decision. Restoring Scarsdale's Outdoor Pool Complex was the right thing to do.

With my thanks...
Susan Levine
