Subject: From Resident Susan Levine....About Not Reappointing Jane Curley to the BAR

To the Mayor and Board of Trustees...

I was very disappointed to learn that Jane Curley was not reappointed to the BAR..to serve as she had done so very well in the past....

Her strong work ethic as well as the recommendation of her fellow BAR members appear not to have been taken into consideration..as they should have been.

Only someone with the kind of credentials and experience that Jane has should have even been considered for the BAR job.

I am puzzled as to why she was never contacted about this matter and why she was not allowed to continue to serve the Village as she has so generously in the past.

Lack of transparency on the part of the Board of Trustees is not a good thing when it comes to decisions like this one. It just raises more questions.

Thanks for listening...

Susan Levine
Ardmore Road
to decisions such as these that affect all Village residents and their assessments...
