Dear Mayor Mark and Trustees...

I read Carl Finger's explanation of his vote to reject Homestead for our Village..and I believe he failed to understand that whatever the State's intent might have been.. the current affect of the law is to allow inequity of taxation in Scarsdale's residential sector.

This law appears to be antideluvian and needs to be remedied in the face of its unfair ongoing result.

The unanimous vote against Homestead was puzzling to me.
I would love to hear reasons for that..other than those put forth by Carl Finger.

Thanks very much.
