

Hello Mayor Hochvert...

Thanks for letting me know that the House Number issue was mentioned at a Board Meeting..

As with most Village issues...it most likely needs to be repeated periodically..and the issue of safety...the Police and Fire being able to locate a house easily...should be emphasized...

This is an issue that has never been addressed satisfactorily by the Village since I have lived here.. with many homes still not having house numbers visible from the street...

Perhaps we need to do more..and Place Notices in the Mailboxes of those whose homes do Not have visible Numbers...or Include a Notice about it from the Police...in a Village Mailing...and on the Website....

Just a thought..since nothing else seems to make a difference....
