Hello Mayor...

Something you might wish to address..
another of my pet peeves...that Mayor Strauss
tried to deal with several years ago...
but with not much success...

Maybe you could tackle it with some Publicity..and
various forms of Communication.

**Many ..possibly most of our Homes in Scarsdale Have NO Numbers Visible
on the front...or near the front door or on the garage...

An Ambulance or Fire Truck would Not be able
to find them easily....not to mention delivery people and anyone else...

Drive around town and look and you will see what I mean.

It is a worthwhile endeavor to encourage compliance
in this matter...

Maybe a Blurb about it in the local newspaper too?

Maybe you should have an occasional Mayor's Column in the paper??

Thanks very much.

Susan Levine
