To Mayor Hochvert..

Equating the Police Enforcement of the Summer Leaf Blower Ban to the Removal of Signs by the Police from people's lawns when Residents Complain is Not Appropriate.

The Leaf Blower Ban is enforced by the Police..according to Chief Matturo..without the need for residents' phone calls about offenders. If the Police see an Offender..he receives a summons.

Not so with the Political Signs on Lawns in the Village Right of Way. That is a whole different kettle of fish.

Sincerely,  
Susan Levine
