

Hello Mayor Veron...

Please ...you may always call me Susan..unless it is in the Bylaws that you have to address me as Mrs. Levine..(smile)

I had no idea that Mr. Harrison read my letter about my thoughts on the Scarsdale Pool at the Board meeting...

I am always surprised to learn that so few people are in agreement with Bob on many of his views..

and I guess he likes it when I do agree with him on some...Sadly..I may sometimes be the only other resident who addresses the Board on an issue on which he has taken a stand...

I do think that Long Time members of the Pool complex know best what the Pool's many

wonderful amenities are all about...all of its benefits and areas of enjoyment..its positive aspects..

which are numerous...including a marvelous playground for youngsters...

and that a Study is just that...a Study...without the ability to personally and deep down understand all of the various

aspects of enjoyment **that the Pool complex brings to those people and families who spend time there...lots of time..**

possibly over many years...in the summer....One would have to be a Member to understand what I mean...

not just an observer...or a visitor for a few hours...

I doubt that there have been requests for costly changes or additions to the complex from

long time or even recent Pool members...

The loss of revenue from declining membership has obvious explanations.. including concerns over Covid-19...numerous Scarsdale residents with Summer homes...and

those with Pools of their own....**summer Memberships in Country Clubs and Golf Clubs...children who go to Summer Camp..**

and concerns from some Seniors..like us..about not being able to leave our Chairs at the Pool

this summer...

Having 125 Non Resident families join was a good idea...
and brought in needed revenue...Perhaps to continue...

But I do regret that we are spending \$114,000 to Study the
Pool...rather than
using it towards any needed repairs that are always to be
expected with such
a facility....For 50 years it has been self sustaining...
We need to be kind to the Pool and not change it to
something
it was not intended to be....

Thanks for always listening...

Susan Levine

Subject: Fwd: From Resident Susan Levine...About the Scarsdale Pool

Hi Ms. Levine. As always, thank you for taking the time to write to us. I wanted to let you know that your letter was also read into the record at our Oct 12 Village Board meeting by Mr. Harrison. I thought you would like to know. Have a good evening, Jane
