> Hello,

>

> I am a resident at 102 Greenacres Ave. I am writing to you to bring to your attention an issue that I have noticed since moving in over 2 years ago. Many residence from White Plains walk through a passage way (there are 2 along Farley) to walk their dogs in Greenacres. The dogs range from Pit Bulls to other various types of large and small dogs.

>

> On a regular basis I am finding dog feces on my property where my children play. Additionally, I watch from my windows these White Plains residents' dogs urinate all over my and my neighbors' trees and grass.

>

> I have seen on several occasions these owners of pit bulls have to wrangle the dogs away from other Greenacres residents, dogs and even children.

>

> There has to be something that can be done about this. Are we able to close up the walkways in the walls? I know there are signs posted at the entrances from White Plains to Greenacres, but clearly the warnings of being fined if not picking up after your dog does not seem to deter certain/many owners from leaving their dogs' excrement all over my lawn and the rest of Greenacres. It is a health issue as my children along with the many children I host play dates for play on the grass. I often walk my children to school and have noticed it is not only my lawn that suffers from people's lack of compliance.
