Good morning,

As a proud Scarsdale mother for many years and three boys I watched many practices and games over the years. One voice stands out, One body stands put, One face stands out that of Rippy. He was the representative of all the Hope and courage and perseverance of our boys on the field.

His guidance and powerful love and leadership meant so much to us parents as the boys adored him.

Please honor him by , naming cross way field after him it would truly mean respect and recognition to a unique human being

Thank you

Vicky d'Incelli
