Subject: Dog Park

Hi there,

My name is Wendy MacMillan and I live at 72 Hampton Rd. in Fox Meadow. I am writing today to voice my support for a dog park at the Weinberg Nature Center. While I am a dog owner and would use the park frequently, I also believe we are long over due for more community spaces and offerings that make living in Scarsdale feel like a desirable community to live in. With the incredible cost of living here, I would loooooove to see a new area for a Teen Center/Rec Center, an Arts Center, and a "splash park" for young children just to name a few things...but I do believe a dog park is a step in the right direction. I'm sorry I can't attend tomorrow's meeting to express my support in person but thank you for taking the time for reading this email.

Warm Regards,

Wendy MacMillan
