**Subject:** Rippy Phillips.

**CAUTION:** External sender.

To Whom it May Concern,

I am writing to once again register my support to name the field at Crossways after Rippy Phillips. I was one of the original people who signed the letter in support of this, and I just wanted to reiterate my support independently. I have known Rippy for 50 years, and know of nobody who has been more instrumental and supportive in developing all sports at Scarsdale. He is most deservant of this recognition. Countless young athletes have benefitted from his coaching and mentorship. This relationship persists long after the season and career is over. I offer you my wholehearted support in this effort.

Sincerely,

Stephen J Nicholas, MD
